General Grant Sullivan Much.

By Telegraph to THE SENTINEL.

New York, May 29.—Dr. Douglas remained in General Grant's house all last night and when he came out this morning he said he had not been awake with the general so much any night in a month as last night. The patient slept only two or three hours during the night and not more than one hour continuously. The general was kept awake by pains in the throat and in the ear. The doctor said, however, that the throat inside and out appears as well as during the past week and he believed the general had become chilled during his ride yesterday afternoon.

Mrs. John L. Sullivan Knocked Out.

By Telegraph to THE SENTINEL.

BOSTON, Mass., May 29.—Judge Allen to-day, in the divorce suit brought by John L. Sullivan's wife, decided not to grant the latter's application for a divorce. He did not think Sullivan had been proved "in gross and confirmed drunkard," nor had his cruelty been proved.

The Criminal Record.

An investigation of the criminal docket in the circuit court for the past six months shows nineteen convictions wherein the prisoner was sent to the prison north. The following names the criminal, his crime and the officer to whom the arrest is credited: Edward Smith, burglary, police; Edward Casey, burglary, police; John Welch, petit larceny, police; William Hitchcock, burglary, sheriff; John Wilson, burglary, sheriff; George Scott, train wrecking, sheriff; Charles Headford, larceny, marshal; Edward Larry, receiving stolen goods, marshal; Fred Snyder, larceny, sheriff; John Miller, larceny, sheriff; William Manning, grand larceny, sheriff; William Baker, grand larceny, sheriff; Charles Miller, petit larceny, marshal; Edward Weiman, petit larceny, sheriff; John Shank, petit larceny, sheriff; Ulrich Huber, receiving stolen property, sheriff; Harry Richmond, petit larceny, marshal; William Boyle, murder, marshal; George Richards, murder, sheriff.

Each of the two charged with murder were tried twice, the first trial in each resulting in the death penalty being affirmed by the jury, which finding was set aside as being excessive. The expense of the Richards trials was borne by Adams county, as the case came here on a change of venue. Only three of the above cases, including Boyle's, were tried by jury, thereby saving great expense to the county. Prosecuting Attorney Dawson deserves great credit for the prompt and efficient manner in which he has discharged his duties and with him at the helm "no guilty man escaped." Sheriff Nelson, too, deserves a man's share of praise.

In addition to the above, three were sent to the reform school, viz: Martin Devany, larceny, marshal; Harry Hibber, larceny, marshal; George Wyatt, larceny, sheriff.

The W. C. T. U. Closes.

This is the last day of the State Christian Temperance Union convention, ... never in the history of this city has there assembled within its walls such an intelligent, earnest and motherly assembly of pure, good women. Their influence will be felt and their work stamped on a thousand minds.

The addresses by Miss Myra Goodwin and Miss Francis E. Willard were superb in their import and telling in their effect on an intelligent assembly. Miss Hattie Leonard's poem, and the solo by Miss Stella Lawrence were nice features. To-day the exercises were of a devotional and business nature and the convention adjourned amidst the best of feeling.

THIS Last Day.

To-morrow Dr. Nicholls, the English physician who has sojourned with us for three months, closes his engagements in this city and on Monday will take up a temporary residence in Terre Haute. During the doctor's stay in this city he has successfully treated numbers of the citizens of the city and county and is commended very highly by all his patients. We trust that in his new field he will be as highly appreciated for his professional services as he was here.

A man named Oliver was standing near a passing train at the south depot at noon, and being suddenly seized with a fit fell forward against the cars, his head striking a truck, thereby preventing his despatching. The escape was a narrow one.

THE RED MEN

Continue Their March of Murder.

By Telegraph to THE SENTINEL.

DURANGO, N. M., May 29.—Thirty Indians, who passed camp Fleming last night, killed five men within five miles of Silver City. A company of volunteers from Silver City are in pursuit of the Indians. The military is doing nothing. Intense excitement prevails. The town was guarded last night to prevent a possible surprise.

SILVER CITY, May 29.—Captain Madden struck Geronima's band of Apaches yesterday on the upper Gila and ran them into the mountains, where he expected a fight, but the Indians evaded him. Several ranches about eight miles from here have been plundered and destroyed. A family of five Mexicans was killed last night four miles from here. The three children were brained. Another Mexican was shot, but escaped with his wife.

Yesterday morning George's rancho, two miles from Fort Bayard, was attacked and a Mexican wounded. The Indians are heading for Black Range. A party of citizens left here to warn and protect the settlers on Rio Embudos. Captain Lee, with seventy-five men, took up the trail at noon yesterday. A special from Stein's pass says that the Indians have been sighted in a canyon, a short distance from there. It is believed they will attempt to go through the pass, and should they do so two companies of cavalry are in the immediate vicinity and will intercept them.

Two Fatalities Last Evening.

S. O'Rourke, Master of Transportation of Northern Division E. Fitzgerald, Master of Transportation of Southern Division J. W. Hunter, Engineer G. S. Johnston, Head Master W. D. Stimson and Master Mechanic S. D. Bradley.

The State Takes a Hand.

A state detective in the employ of the state commissioner of Indiana has been on the trail of violators of the law, and spent considerable time at Manitowoc, Racine City and Milwaukee lakes. He is now prowling around in this part of the state, and the persons who have been seen and scooping in the rivers lately may get into trouble. The reason there are so few fish in the rivers here is that no successful effort has heretofore been made to prevent violations of the law. A few heavy fines will cause a vast improvement in that direction.

Becker—Steifel

A special telegram from Angola to the Chicago Times says: "At the Congregational church to-day occurred the marriage of Miss Rose Steifel, of this place, to Mr. Simon Becker, of Coalton, the ceremony being performed by Ita Aaron, of Fort Wayne. A large number of guests from abroad were present, and the bride was the recipient of many elegant gifts."

How About Allen County?

Some years ago the commissioners of Marion county employed several individuals to "ferret" out taxable property which had not been listed for taxation. These persons secured about \$12,000 for the county, 25 per cent. of which was

paid them for the service. The state has now brought suit in the circuit court at Indianapolis in behalf of the school fund against Marion county, alleging that the school fund was not responsible for any expenses that might have been involved in collecting the taxes. The case is under advisement.

WHOSE IS IT?

A Dimpled Babe Found in a Wabash Box Car.

This morning Peter Smith, who lives in the Seventh ward, made a sensational discovery. In a Wabash freight car, loaded with articles from the Old Wiggon works, he found a little babe wrapped in swaddling clothes and snugly pushed into a crevice. The little cherub was crying, but when picked up smiled and put dimples on its face, just too awfully cute. Mr. Smith took the infant to his home and notified the police, who are investigating. The horrid phase of the affair is that the babe was put in the car to perish, as it was by the merest accident that Mr. Smith discovered the child before the car was pulled out of town.
